

FINAL OFFENSIVE IN W. S. S. CAMPAIGN IS LAUNCHED TODAY

With 5 Days Left, Officials Confident It Will Not Be Long Until Objective is Reached

ALL BUT 5 TOWNSHIPS OVER

Oversubscriptions Almost Large Enough to Balance Shortages in Townships Below Mark

RUSHVILLE IS NEAR THE GOAL

War Stamp Meeting in Carthage Saturday Evening Results in \$5,000 Being Pledged

With five days remaining for the people of Rushville and Rush county to complete the War Savings stamp campaign, every corps of salesmen in the undersubscribed portions of the county were ready to complete the final offensive which was launched this morning.

Estimates which were placed on all townships below the mark, with the exception of Rushville, from which no definite results could be obtained today, disclosed the fact that with the exception of Rushville, Ripley, Posey, Jackson and Center, all were over the top with such large oversubscriptions that the shortages in the other out townships were almost overbalanced.

With the quota for Rushville township standing at \$125,000 and favorable reports coming in from all the canvassers, officials today seemed to have a "hunch" that the township had gone over but declined to make a definite statement to that effect until all of the canvassers had reported and the reports were thoroughly investigated and tabulated.

The fact that the oversubscription in many townships will more than balance the shortage in orders, will have no bearing on a more speedy closing to the campaign, according to the county chairman, who declared that every township is expected to do its share and because the subscriptions in some parts of the county are more generous than in others, will not excuse the lagging townships and allow them to shirk their duty.

The quotas have been distributed according to the wealth of the townships and it is the belief of the officials that each township will come up to its standard. The reason for the slowness in some parts of the county is believed to be the busy season among farmers which has existed during the past two weeks.

Within forty-eight hours, county officials expect to be able to wire state and national headquarters that the county has again gone on record as backing the fighting men at the front, to the limit. This conclusion has been partly drawn from the enormous number of pledge cards with which the committee was being swamped today, which had been delivered through the mails.

At the War Stamp meeting which was held in the down town district of Carthage Saturday evening, \$5,000 was pledged to the Ripley township fund which, according to the statistics, has reached \$26,000. The meeting was addressed by Brant Downey, president of the Commercial National bank of Indianapolis, and Judge Will M. Sparks of this county.

Stamp pledge cards have come into the local postoffice from all over the country for delivery in this county some time between now and the last of December. Rush county men traveling especially in Tennessee, Ohio and Kentucky during the past few months, when the drive was on full force, pledged various amounts which during the last week have been returned to the local office. Estimated at \$25,000, the total for Rush county is now \$51,000.

cluding Rushville which have made from incomplete reports, are as follows:

Ripley	\$26,000
Posey	20,000
Walker	35,000

RUSS BLACK SEA FLEET IN HANDS OF GERMANS

News is Officially Confirmed, Chancellor Bonar Law Announces in Commons Today

SOME WARSHIPS BLOWN UP

(By United Press.)

London, July 1.—Confirmation has been received that the Russian Black Sea fleet has fallen into the hands of the Germans, Chancellor Bonar Law announced in the house of commons this afternoon.

Dispatches from Moscow, however, stated that sailors of the fleet blew up several dreadnaughts and cruisers rather than let them fall into German hands.

A dispatch further stated that a state of war has been proclaimed in the Archangel district and that German officials have ordered German colonists to arm themselves.

Dispatches from Amsterdam stated that an official Berlin announcement admitted a dreadnaught and several destroyers of the Black sea fleet had been sunk. The remainder of the fleet is at Sebastopol in German hands, the statement said.

"EARABEDE" FAILURE, FIVE SCIENTISTS SAY

That Which Was to Revolutionize Production of Unlimited Energy is of no Value

THE INVENTOR ADMITS IT

(By United Press.)

Washington, July 1.—"Earabede," which was to revolutionize the world by production of unlimited free energy, is a failure.

This was the report of the board of five scientists appointed by congress, made public today.

The report of the investigators said: "We hereby certify that we inspected a model embodying the principals of the invention known as the 'Earabede.' We found the model was not in shape to run or develop power. The inventor admitted he was merely explaining principals."

STOPS APPROPRIATION BILL

President Wilson Acts Because of Objectionable Feature

(By United Press.)

Washington, July 1.—President Wilson today vetoed the legislative appropriation bill because of the Borland amendment increasing the hours of government workers, but providing no overtime pay.

The president's action holds up appropriations for government workers beginning July 1 and may hold up congressional recess unless the measure is amended.

FATHER AND SON RELEASED

Thomas Couch and Boy Freed After Altercation With Charles Pedro

During a dispute over a set of buggy harness, Charles Pedro is alleged to have drawn a knife on Thomas Couch, when the two men met at the corner of Spencer and Third streets late Saturday afternoon. Couch's boy is said to have hit Pedro in the back of the head with a powder flask and fled. Couch and his son were put in jail, but later released by Mayor Irvin.

THIRD TIME IS NOT THE CHARM FOR THIS BARN

Structure on Farm Two Miles East of Raleigh Destroyed by Fire When Hit by Lightning

STRUCK THREE TIMES LATELY

For the third time in a comparatively short period, the large barn on the old B. F. Jackson farm, two miles east of Raleigh, was struck by lightning during the storm at noon yesterday, but the third time was not the charm and it was entirely destroyed. The farm is occupied by Mr. and Mrs. Wiltse T. Dobbins.

The entire crop of hay which had been recently placed in the barn was lost, in addition to material including lumber and paints sufficient to build a garage, the work on which was to be begun within a short time. Although an estimate of the loss has not been made, it was extremely heavy and the insurance carried on the building was not sufficient to cover the loss.

The loss of the barn was the only damage reported in the county as the result of yesterday's storm, which raged with violence in many parts, although it was comparatively light in the city. Motorists and picnic parties were caught in the midst of the storms which occurred shortly after noon and again at four o'clock and because of the suddenness with which they made their appearance, were unable to find shelter before they were drenched with the torrents of rain.

TWO INCREMENTS OF MECHANICS DEPART

Three Rush County Selectives to Valparaiso and Two to Richmond This Morning

MANY QUESTIONNAIRES BACK

Two increments of mechanics, selected from Rush county class one military registrants, left this morning for training schools, two going to Richmond at 10:35 over the Pennsylvania, and three leaving at 10:51 over the C. I. & W. for Valparaiso university. Friends and relatives of the boys were at the station to say farewell.

Homer Roberts of Noble township and Paul T. Brown of Henry county made up the Richmond increment and the Valparaiso quota was composed of Rex Readle of this city, John V. Gates of Ripley township and Willard Colter of Milroy.

For the last few days the new registrants have been returning their questionnaires faster than at first. They were slow getting started, but today attorneys were busy all day filling out questionnaires. Next Saturday will be the last day that questionnaires may be returned.

BIGGEST ARTILLERY RANGE

Louisville, Ky., July 1.—Announcement has been received from Washington that the artillery range at Westport, Ky., is to be made the largest in the country. Enrollments for 53,000 men will be built at a cost of \$4,000,000.

EMPHASIZES NEED OF SAVING GRAIN

M. F. Lovett, County Food Administrator, Speaks to Threshermen and Elevatormen

THE HARVEST REGULATIONS

Farmers Are Warned About Beginning Threshing Before Wheat is Dry Enough

The seriousness of the food situation and the necessity of taking every precaution to save grain during the harvest season in Rush county, was discussed Saturday evening by the county food administrator, M. F. Lovett before an audience of a hundred and thirty threshermen and elevatormen.

The meeting was held in the sheriff's office and was called by the threshermen's committee for the purpose of instructing the farmers concerning the strict harvest regulations which are being enforced by the government to prevent the usual waste of grain. That hundreds of bushels of grain are lost annually during the harvest in Rush county, was pointed out by the food administrator, who presented various plans whereby this loss might be avoided.

The farmers were warned against beginning the wheat threshing too soon as the elevator men who attended the meeting stated that wheat containing more than fourteen percent moisture would not keep and indicated that it would be acceptable at their granaries. Farmers who cut wheat last week and the week previous are asked to delay threshing until next week, when elevatormen declare, it will be in better condition and contain less moisture. Numerous agriculturalists expressed their decision to begin threshing this week but it is only in rare cases through the county where the wheat is dry enough.

At the round table discussion which was held at the end of the meeting, farmers discussed their threshing organization which was perfected with more care this year than in any previous season. The satisfaction among the men in the results which have been obtained was unanimous and the season is expected to produce a bumper crop such as has never been rivaled in the county.

WANTS TO TAKE OVER PHONE AND TELEGRAPH

President Wilson Asks Power From Congress by Passage of Aswell Resolution

MAY BE TO PREVENT A STRIKE

(By United Press.)

Washington, July 1.—President Wilson today asked congress for power to take over the telegraph and telephone lines.

In a letter to the interstate commerce committee of the house, he endorsed letters sent to the committee by postmaster Burleson and Secretary Daniels, saying that the power asked was necessary to prevent suspension of telegraph lines and to guard military secrets and government communications. The president advocated passage of the Aswell resolution which would empower him to take over not only the telephone and telegraph lines, but also cable lines and radio systems of the country.

This was regarded today as indicative of President Wilson's purpose to prevent a strike of telegraphers for July 8.

As a result of the president's letter, the Aswell resolution granting the power will be presented to the house.

POLICE MAKE A WATERHAUL

Raid Dave Palmer's Home For Evidence of Liquor Law Violation

The police made a waterhaul Saturday evening when they searched the home of Dave Palmer in the west part of the city for booze. They suspected Palmer of violating the state prohibition law, but found no evidence to show that he had been "importing" whiskey or beer from Ohio to sell here. Palmer is said to have admitted that he had been in Hamilton, but denied bringing back any booze with him.

THREE SEEK DIVORCES IN THE CIRCUIT COURT

Two Husbands and One Wife Seek Decrees of Separations in Suits Filed

WIFE WANTS MAIDEN NAME

Two husbands and one wife are seeking divorces in the circuit court. Jesse Reufenacht wants a decree of separation from Ione M. Reufenacht, alleging that she refused to stay home at night and "ran around with other men." He charges she refused to cook and perform other duties of a wife. They were married Aug. 4, 1915 and separated Mar. 21, 1918. Reufenacht lives on the Ernest Duke farm in Anderson township.

William Stephens, living at the corner of Jackson and Fifth streets, who asks a divorce from Emma Stephens, alleges that his wife is a habitual user of intoxicating liquors and used profane language toward him. He says in the complaint that his wife "associated with other men of lewd and immoral character." They were married June 11, 1915 and separated Sept. 25, 1917.

Elizabeth Harris, colored, has sued for a divorce from Ammon Harris and restoration of her maiden name, Elizabeth Burton. She says he failed to provide and spent his money for drink, being "a common drunkard." They were married in September, 1898 and separated Aug. 1, 1916.

FATAL ILLNESS IS RESULT OF A FALL

Mrs. J. M. Halstead, Former Resident of the City, Expires at Richmond Sunday Night

BROUGHT HERE FOR BURIAL

Mrs. M. J. Halstead, a former resident of this city, died last night at the sanitarium in Richmond after a short illness, which resulted from a fall sustained more than a week ago.

Although the deceased who was 87 years of age, had been in poor health for some time, her condition was not believed to be serious until complications developed following the accident. The body was brought to this city this afternoon and taken to the home of Mr. and Mrs. Jesse Ridout in Circleville from where burial will be made. The deceased is survived by two sisters, Mrs. E. S. Frazee and Mrs. B. B. Lucas; one brother, William Austin; one daughter, Mrs. Fanny McGroarty, all of this county and one son, Herschel Halstead, of St. John, Washington.

London, July 1.—Sinking of a British steamship Llandovary Castle was announced by the admiralty today. The ship, which carried 80 Canadian army medical officers and 14 women nurses, went down in ten minutes. The ship was a steamer of 11,423 tons.

Capture 1,000 Austrians

Washington, July 1.—Striking suddenly in the upper Asiago last night, Italian troops with the cooperation of a French unit, captured more than 1,000 Austrians, including 50 officers, Rome cabled the Italian embassy today. The Austrians were completely surprised.

French Advance Lines

Paris, July 1.—French troops advanced their line slightly on a five-mile front northwest of Chateau-Thierry, and in an operation southeast of Osloy, took 200 prisoners. The French war office reported today. Minor operations on other portions of the front resulted in the capture of additional prisoners.

Admits Loss of 100,000

Copenhagen, July 1.—Premier Wexler, addressing the Hungarian parliament, declared that the total Austro-Hungarian losses in the Italian drive were 100,000. A Budapest dispatch declared today: "We took more than 50,000 prisoners, while the Italians took only 12,000," he said. "In regard to the rumors that we lacked munitions, our army was never so well provided."

FARMERS COURSE TAKEN SERIOUSLY

Hoosiers at Purdue University Learn Farm Life is Not One Round of Rabbit Hunting

BOYS WORKING RESERVE

Boys Are Initiated Into the Phases of Work by University's Competent Instructors

Lafayette, Ind., July 1.—With the most restless rooster on Purdue University hill for an alarm clock to awaken them at 5 o'clock a. m., 80 Hoosier boys 16 to 19 years old, are learning that farm work is not one continuous round of rabbit chasing and visits to the "old swimming hole," but is serious business requiring much skill, labor and an abundance of common sense. The agricultural training camp, which is conducted under the auspices of the State Council of Defense and under the direction of the United States Boys' Working Reserve, will continue here two weeks.

A. B. Krueck, who has charge of the instruction of the boys at the Purdue agricultural experiment station, reports that they are doing splendidly and are a happy and healthy lot full of energy and enthusiasm, eager to learn how to make themselves valuable on the farm.

The boys are divided into nine groups under the supervision of nine instructors who successively initiate each group into the mysteries of the different phases of farm work. G. A. Branaman has charge of instructions in feeding, harnessing and driving horses; W. O. Mills has charge of instruction in feeding, milking and caring for cows; C. W. Currier has charge of the poultry; H. E. Allen has charge of instruction in hogs, sheep and cattle; R. C. Wallace has charge of instruction in harvest work; Mr. Bates has charge of garden work. F. W. Wesler has charge of the horticulture; D. E. Robbins has charge of the crops and W. Aikenhead has charge of the farm mechanics. Miss Jesse Stultz is acting as registrar of the camp.

The boys arise at 5:00 except on mornings when they have dairy work to do when they are required to report for work at 4:30. Breakfast is served at 6:00 a. m.; farm work and instructions 7:00 to 11:00 a. m.; gymnasium and swimming pool 11:00 to 12:00 noon; 12:00 to 1:30 p. m. lunch and rest period; 1:30 to 2:30 military drill under H. C. Thuerk, major of Purdue University Cadet Corps; 3:00 to 5:00, work; 5:00 to 6:00, athletic games and exercises under O. F. Cutts, athletic director of the University; 6:00 swimming and pool again; 6:30 p. m., supper and recreation; 9:30, taps.

Farmers who desire to avail themselves of the help of these physically fit and well trained boys are invited to visit the camp at Lafayette, make their own selections and complete arrangements through Dean Stanley Coulter who is in charge. The boys will be released from the camp for farm work on July 8 and 9.

An inspection of the camp was made, Friday by C. B. Fritsche, assistant state director of the reserve, who expressed himself as well pleased with the camp, the spirit of the boys, and the prospect for satisfactory results.

Byron Cowing, who has been suffering with tonsillitis for several days, is recovering.

"WYATT SUNDAY" IS OBSERVED AT CHURCH

Special Program is Given Marking Close of Career of 20 Years as Teacher

APPRECIATION FOR MR. WYATT

The Sunday school classes of the Main Street Christian church joined in the observance of "Wyatt Sunday," yesterday in honor of George C. Wyatt who has resigned as teacher of the Loyal Woman's Sunday school class after spending twenty years of service.

A splendid program was given as a token of the appreciation of the work in the Sunday school department, in which Mr. Wyatt was especially active during a score of years. The story of the work done by Mr. Wyatt as a pupil, teacher, chorister and superintendent was contained in an interesting address delivered by Hugh Manzy and the class was represented by Mrs. Dan Matlock who presented Mr. Wyatt with a bouquet of twenty roses.

TRAFFIC POST IS FOUND

Motorists have taken special delight in taking the traffic post at the corner of Eleventh and Main streets during the night, and it has always been replaced the next day, but last night it was moved so far away that it could not be found for several hours today. Finally it was located at the intersection of two roads near the home of Mrs. Winnie Dill north of the city.

SEVERAL CASES ARE DISMISSED IN COURT

Nellie Cupp is Also Granted a Divorce From Frank E. Cupp on Payment of Costs

ONE JUDGMENT IS AWARDED

Several cases have been dismissed and one divorce granted in the circuit court.

Nellie Cupp was granted a decree of separation from Frank E. Cupp on payment of costs and the Western Horseman company has been awarded judgment for \$191.11, including \$18.10 attorneys fees, against Dagler Brothers. The company sued on a note for \$230.

The following cases have been dismissed: Maria Toolen Ryan against Ryan and O'Neil, to obtain possession and damages, without prejudice, on motion of the plaintiff at her costs; Mabel Whittaker against Roy Whittaker for support, on motion of the plaintiff at her costs; F. H. DeTray against Erling Falk, on note for \$200, at the costs of the plaintiff on his motion; Manufacturing Development company against Thomas Prime on account for \$99.15, at the plaintiff's costs and on his motion.

URNS OVER INTO A DITCH

Cullen Sexton's Car Forced Off Road by Another Machine

While attempting to pass another machine on a culvert northeast of the city Saturday night, the automobile driven by Cullen Sexton turned over into the ditch at the side of the road.

Both machines were traveling rapidly and when they reached the culvert, in order to avoid a collision with the oncoming machine which failed to give the Sexton machine half the road, Sexton was forced over the culvert. Neither the driver nor Miss Lela Kennedy of Indianapolis, the other occupant of the car, were injured and the car was only slightly damaged.

Hale Pearsey and D. D. Drago Arrive Safely on Same Transport

Cards announcing the safe arrival of the transport carrying Lieut. D. D. Drago and Lieut. Hale Pearsey in a foreign port have been received by relatives here. Lieut. Drago, in the veterinary corps, trained at Camp Meade, Maryland, while Lieut. Pearsey was attached to a unit at Camp Shelby for a few months, a member of a sanitary detachment.

Days Pickings

Mrs. Clara E. Matney, who was operated on last Wednesday at the Memorial hospital in Connersville, is recovering.

Leo Bidlen, who underwent an operation for appendicitis, last Thursday, at the home of Jasper Siler, is recovering slowly from the effects of the operation.

The barber shop formerly operated by Louis Winbourne has been taken over by Frank Abercrombie and will be managed by Kaufman Wright and Fred Woods. The former manager of the shop has gone to Dayton where he has taken up work in a munition plant.

Mrs. Etta Daily of Circleville has received word from the War Dept. in Washington, D. C., that her son, Private Jessie C. Daily, of Co. F, of civil engineers, has arrived safely in France. Private Daily registered in this city, but received permission to volunteer for the engineers corps, in Benton Harbor, Mich., and enlisted March 2.

Mr. and Mrs. Charles Moore have received a cablegram from their son Donald Moore, that he has arrived safely in France. He was one of the former Company B boys who was announced by the war department last Friday as having reached France. He volunteered for overseas service while in training at Camp Shelby, Miss.

40-Year Loans on Farm Lands

Under new Government Plan which pays off entire debt during period of loan

THE Fletcher Savings and Trust Company of Indianapolis has organized, under the Federal Farm Loan Act, a joint stock land bank and received from the Federal Farm Loan Board a charter authorizing it to lend money on Indiana and Illinois farms under the Government's amortization plan.

Under this plan a small payment is made each year upon the principal of the loan—so that at the end of 40 years, the principal, as well as the interest, has been paid and the debt wiped out.

Loan will be made only for 40 years, thus doing away with the expense and risk of renewals incident to loans for 5 years or less.

The borrower will pay \$66.46 annually for each \$1,000 he borrows, the interest rate being 6%.

This annual payment includes interest and such sum for application on the principal that the loan will be paid off at the end of 40 years.

After five years from the date of the loan additional payments for the reduction or extinguishment of the principal debt may be made on any installment date.

Applications will be given PROMPT attention and if accepted will be closed within the shortest possible time.

We are ready to receive applications for and make loans of this character through the Fletcher Joint Stock Land Bank, which is the only one in Indiana. We will be glad to have your application, or to consult with you and furnish any other information that may be desired. Call and see us.

Emphatically Asserts Worn Out, Lagging Men Can Quickly Become Vigorous and Full of Ambition

7 A DAY FOR 7 DAYS

Don't blame the man who is perpet-
 ually tired; his blood needs more red
 corpuscles and his brain and nerves
 are craving for food.
 Given the right kind of medicine,
 any tired-out, inactive, lagging fel-
 low can quickly be made into a real
 live, energetic and even ambitious
 man.
 So says a student of the nervous
 system who advises all men and
 women who feel worn out and who
 find it hard to get up ambition
 enough to take a regular job to get a
 package of Bio-feren at any drugist.
 This is the new discovery that
 pharmacists are recommending be-
 cause it is not expensive and speedily
 puts vigor and ambition into people
 who despair of ever amounting to
 anything in life.
 People whose nerves have been
 wrecked by too rapid living, too much
 tobacco or alcohol, have regained their
 old-time confidence and energy in less
 than two weeks.
 No matter from what cause your
 nerves went back on you; no matter
 how run down, nervous or tired out
 you are, get an original package of
 Bio-feren at once. Take two tablets
 after each meal and one before bed-
 time—seven a day for seven days—
 then one after each meal till all are
 gone.
 Then if you still lack ambition; if
 your nerves are not steady and you
 haven't the energy that red-blooded,
 keen-minded men possess, your pur-
 chase money will be gladly returned.
 Note to Physicians: There is no
 secret about the formula of Bio-feren.
 It is printed on every package. Here
 it is: Leucithin; Calcium Glycero-
 phosphate; Iron Peptonate; Mangan-
 ese Peptonate; Ext. Nux Vomica;
 Powdered Gentian; Phenolphthalein;
 Oleoresin Capsicum; Kola.

Dowagiac Steerable One-Horse Disc

The Dowagiac is in a class by itself, in ad-
 vance of all other one-horse drills, because
 it is easily guided. The front wheel is a
 caster wheel permitting a short turn with-
 out lifting the drill and making steering be-
 tween crooked rows easy. The Dowagiac
 five disc is self-guiding. It trails so per-
 fectly that when the horse is driven midway
 between the corn rows the driver need not
 touch the handles and at the ends of rows
 the drill follows the horse in making the
 short turn.

COME AND SEE IT.

Conservation A Necessity

Gravely concerned over the pros-
 pect of a fuel shortage for the year
 which may reach 60,000,000 tons,
 the United States fuel adminis-
 tration, through the conservation divi-
 sion, is turning its attention with re-
 newed vigor to the saving of coal by
 various economies.

Regulatory orders that were in
 effect during last winter, but which
 were suspended during the summer
 months, will be made effective again,
 and additional order looking to the
 saving of fuel in other directions
 will be put into force. The only way
 to make the prospective output of
 coal go 'round, is to practice econ-
 omy in its use.

It is estimated that 100,000,000
 tons of coal now go to industries
 not engaged in war work. Neces-
 sarily the bulk of the saving will fall
 upon these industries, inasmuch as
 war industries must have all that
 they require. All of them, however
 must join in the coal-saving plans of
 the fuel administration.

An organization is already in ex-
 istence, provided with engineers and
 inspectors who will visit every one of
 the 250,000 steam-producing plants
 in the country with a view to the im-
 provement both of equipment and
 firing practice. This is expected to
 save 20,000,000 tons of coal. The
 economical use of power in factor-
 ies will be in the hands of organized
 shop committees. The power loads
 of the public utilities throughout the
 country are being studied with a
 view to re-adjustments which will
 result in large saving.

In many cities the isolated power
 plants which use an extravagant
 amount of coal in proportion to the
 power produced will be urged to ob-
 tain more economical power from
 large producing stations.

The introduction of "skip-stop"
 schedules on all the street railways
 is expected to save a million tons of
 coal. The consolidation of ice
 plants will yield a still larger ton-
 nage. Unnecessary outdoor light-
 ing, including advertising signs and
 display illumination, will be reduced.
 Hotels, office buildings, apartment
 houses and public buildings are be-
 ing asked to join in rigid economy of
 light and heat.

Military Training

The American Medical Associa-
 tion, in its convention at Chicago
 declared unanimously for universal
 military training.

The declaration was based entire-
 ly on health considerations. Point-
 ing out that the selective service ex-
 aminations have revealed a large
 percentage of our young men as
 physically unfit, though most of their
 disabilities are curable, and remind-
 ing the public of the physical and
 mental benefits gained by our draft-
 ed men at the army cantonments, the
 association asks that every Ameri-
 can lad be subjected to these ben-
 efits.

From a medical point of view,
 there can be no question about the
 desirability of such training. Most
 Americans at this time would prob-
 ably endorse the plan. It remains
 to be seen whether the plan will
 be approved by the legislature.

Barrage

Garden Boss

I cannot join the army, for the army
 told me so,
 And lots of men are heavier an'
 'wiser,
 But I'm ready for all comers with a
 garden rake an' hoe,
 And I'm raisin' peas an' beans to
 beat the kaiser!

The navy doesn't want me messin'
 up a pretty deck,
 They've chased me out of each
 recruitin' station,
 But me an' Herbie Hoover's gonta
 win the war, by heck,
 An' I've got the finest garden in
 the nation!

The British didn't succeed in de-
 stroying the entire mole of Zebrug-
 ge at the first attempt, but almost
 any lady who has given strict at-
 tention to beauty can testify that
 that is no cause for worry. Mole
 eradication requires patience, as
 well as fortitude.

The most embarrassing situation
 in life is not of the man who tells
 the weeping family farewell and
 says his carefully chosen last words
 and then recovers. It is that of the
 man who was given a farewell din-
 ner by his friends when he announ-
 ced he was "off for the front" last
 fall, and is still about town in civil-
 ian duds.

It's easy enough to see how kaiser
 Bill could go out and cry before the
 movie men and staff correspondents,
 saying, "What have I not done to
 prevent 'this slaughter'!" Anybody
 who could fram up a war like this
 could do that. But what we can't
 understand is this: How could he go
 home and face Mrs. Kaiser that eve-
 ning?

sive military drill need be an essen-
 tial part of such a scheme.

It is possible that the war will end
 in such a death-blow to militarism
 that another war need not be feared.
 In that case, it might be hard to per-
 suade the nation to keep on training
 soldiers. The arguments of the
 medical men would still be valid, and
 there would be other good reasons
 for bringing the nation's youth to-
 gether for discipline and develop-
 ment. But would we then want to
 give them "military" training? Or
 would we want to call it that?

Reduce the Nursing

Cleveland has been asked by the
 Council of National Defense "to
 make an experiment in community
 nursing, with the idea of reducing
 the amount of unnecessary nursing
 care now being given in families
 employing private duty nurses and
 at the same time providing for all
 nursing care really needed in the
 community." Results of the experi-
 ment will be used to plan such work
 in other cities.

Like the "medical coddling" which
 citizens were asked to avoid in or-
 der that physicians might be spared
 for the front, the unnecessary nurs-
 ing may be greatly reduced without
 any real danger. There are people
 who now call trained nurses for all
 sorts of trifling ailments for which
 they are not really needed.

The real answer to the unneces-
 sary nursing is not the allowing of
 unskilled persons to do nursing for
 which professional training is re-
 quired, but for people to keep them-
 selves well.

Nine-tenths of the colds and sore
 throats which develop into serious
 illnesses could be avoided or check-
 ed at the onset if people used a lit-
 tle sense in taking care of them-
 selves. Being ill at all is a luxury
 which we cannot afford in wartime.

Sensible food, lots of fresh air
 and sunshine, exercise, good cheer
 —these are the real substitutes for
 the nurse who has gone to war.

If any one doubts the ability of
 the women of this country as fight-
 ers they are reminded that just now
 these women are successfully pro-
 secuting three great wars. They are
 doing yeoman service in whipping
 the kaiser, are successfully prose-
 cuting a war for political recogni-
 tion, and are whipping John Barley-
 corn to a standstill.

It is said Germany is discussing a
 plan to insure women against gun-
 shot. As Germans are experts
 at inventing substitutes, perhaps
 they can invent a substitute for a
 man.

Complaint No. 1577.

Now comes the plaintiff, by Chauncey W. Duncan, attorney, and files complaint herein, together with an affidavit, that the residence of the defendant, Emma Stevens, is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless she be and appear on the first day of the next term of the Rush Circuit court, to be holden on the first Monday of September, A. D. 1918, at the court house in Rushville, in said county and state, and answer or demur to said complaint, the same will be heard and determined in her absence.

In witness whereof, I have hereunto set my hand, and affixed the seal of said court at Rushville, this 29th day of June, A. D. 1918.

CAMP MESSES NO LONGER A MYSTERY

Ethel Richardson, Soprano with Innes Band, Shown All Wonders of Soldiers Life

WHEN SHE SANG AT FT. LOGAN

Wonderful Prima Donna Will Appear with the Band at Chautauqua Here August 9

Trench diggings, target practice and camp messes are no longer a mystery to Ethel Richardson, the Coloratura soprano who is to be heard here at the coming chautauqua assembly on August 9, in the Festival to be given by the noted Bandmaster, Frederick Innes, and his world-famous band of forty-two performers.

Ethel Richardson is one of the young American singers, who like Geraldine Farrar, Mary Garden, and other similarly well-known artists, has seized a position of commanding authority in the world of vocal music, by reason of the wonderful voice and method she possesses.

She recently went to sing, as is the present day fashion among all the big artists, at one of the camps, Fort Logan to be exact. With her accompanist, Edgar Lenahan, she was taken in charge by the officers of the fort and shown all the details of turning the Rookies into the fighting soldiers with a wallop.

In the evening she gave a recital in the Y. M. C. A., hut at which over 7,000 soldier boys attended, those unable to get into the building being content to stand outside and catch what they could of the music through the open windows. The singer was loudly applauded for her delivery of several of the big operatic arias, but it was when she gave such songs as, "The Long Trail," "The Marseilles," and "The Star Spangled Banner," that a roar of approval came that might easily have been heard in Denver, fifteen miles away.

Mr. Lenahan gave some piano solos brilliantly after which came the drawing of lots for some sweaters, helmets and socks which the prima donna had knitted herself.

In addition to Mrs. Richardson, the festival will feature the famous Innes Band of forty-two players, Pechin, a cometist who is said to be the greatest player in the world, and David Eisen, the young violinist who has just been setting the east on fire with his genius.

SERVICE FOR THE HARVEST PLEDGED

A. L. Stewart Reports Many Enrolled to Assist on Farm—Work of Rushville Men Helpful

EVEN MORE MAY YET ENROLL

Agricultural service for harvesting this year's bumper crop in Rush county has been pledged and in the initial event of the season, that of wheat cutting, which has been almost completed, the services rendered especially by residents of the city, have been most satisfactory.

A reserve of farm labor has been recruited in this county by A. L. Stewart, who will be able to supply any farmer with assistants at any time during the harvest season. Men wishing to join the organization are asked to register with the county enrolling agent. Joining the organization does not mean continual service but that the men will work one day in each given period of time as a patriotic service to his country.

FOUR DESTROYERS ENGAGE 11 OF ENEMY

No Material Damage to Either Force Results After Battle off Belgian Coast

UNUSUAL GERMAN ACTIVITY

(By United Press.)

London, July 1.—Four British destroyers engaged the eleven German destroyers off the Belgian coast in a long range battle Thursday, the admiralty has announced. No material damage resulted to either force.

The presence of eleven enemy destroyers in the waters indicates unusual enemy patrol activity. This area is swept almost constantly by British naval crafts and it is the first destroyer encountered in several weeks.

A short time ago reports declared Germany was preparing for a naval demonstration on the high seas.

GOES ON STRICT SUGAR RATIONS

Indiana Today Feels The Effect of New Rulings of the Food Administration

NEW LIMITS ON ALL SALES

City Customers Can Buy Only Two Pounds at a Time and County Customers Five

(By United Press.)

Indianapolis, Ind., July 1.—Indiana today went on a strict sugar rationing basis. New rules of the food administration governing the sale and use of sugar went into effect and will be effective during July, August and September.

Fifty per cent of the average amount used by candy makers, soft drink establishments, chewing gum makers, chocolate and cocoa manufacturers, tobacco, syrup and other such concerns, will be allowed. These concerns must report the amount of sugar used in 1917 and if their reports are found true they will be given their allotment. The one exception to this rule will be in the case of ice cream manufacturers who will be allowed seventy-five per cent of the usual amount.

Hotels and lunch rooms will receive three pounds for each ninety meals served.

Commercial canners will be allowed their necessary requirements but must not sell any sugar unless with the consent of the administration.

Bakers will be allowed seventy per cent of the amount used during the similar period a year ago.

Retail stores can sell only two pounds to a customer in the city and five pounds to those living in the country. Only three pounds per person a month is allowed.

Twenty-five pounds may be sold to a householder for canning purposes.

No wholesale dealer or refiner may retain more than a three month supply.

ple to improve their financial condition and restore business. This will serve to lay the groundwork of military assistance when demanded. The first thing is to restore confidence of Russia in the allies, it was stated.

AGE NO BAR

Everybody in Rushville is Eligible. Old people stooped with suffering. Middle age, courageously fighting. Youth protesting impatiently. Children, unable to explain. All in misery from their kidneys. Perhaps a little backache first. Urinary disorders, dropsy may quickly follow. Doan's Kidney Pills are for weak kidneys.

Are endorsed by thousands. Here's Rushville testimony.

A. M. Younger, retired farmer, 228 W. Tenth St., says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is apt to have more or less trouble with his kidneys. At times, I have had a dull ache across the small of my back and my back has been weak and lame. Then the kidney secretions have been too frequent in passage, making me get up at night. Every time I have been that way, I have bought a box of Doan's Kidney Pills at Johnson's Drug store, and they have never failed to relieve me in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Younger had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Regular meeting of Psi Iota Xi sorority in the evening with Miss Phyllis Dean, in North Main street.

Meeting of the W. R. C. Penny social in the afternoon with Mrs. Will Trennepohl, 220 Buena Vista Ave.

The members of the Queen Esther Circle of the Glenwood Methodist church met with Miss Bernice Giese, Friday night, and elected officers for the coming year, as follows: Bertha French, president; Lona Chaney, first vice president; Louise Murphy, second vice president; Lora Wright, treasurer; Violet Maple, mite-box secretary; Lagvughn Scholl, corresponding secretary; Emma Newman, secretary of literature; Lois Simpson, recording secretary; Elsie French, supply secretary, and Mrs. John Link, director. The program committee appointed by the president included the first vice president, the director, Margaret Britt, Violet Vandivier and Bernice Giese. The next meeting will be held the last Friday night in July at the home of Violet Maple.

Mrs. Rebecca Conner, widow of the late David Conner, of the Little Flatrock neighborhood, celebrated her nineteenth birthday anniversary at the home of Mrs. Tatman, her granddaughter, in Connersville, Saturday afternoon. Mrs. Conner is exceedingly active for her age and thoroughly enjoyed the pleasant affair. Guests from this city, were Mrs. George Guffin, Mrs. Jabez Winship and Mrs. Will Meredith. Mrs. Tatman was assisted in entertaining by Mrs. Nelle Hewitt of Des Moines, Iowa, who is also a granddaughter of Mrs. Conner.

Miss Alice Gruell, daughter of Charles Gruell of Noble township, and Private Bertrand West of the Marine corps, son of Matthew West of New Salem, were married Sunday evening by the Rev. Clyde S. Black. The ceremony was performed at the Methodist parsonage, after which the young couple left on a short wedding trip. Private West who has been in training at the Marine training school in Florida for some time, is home on a few days furlough. His bride will reside with her father until after the war.

Mr. and Mrs. Charles Gruell entertained at dinner Sunday at their country home near New Salem, honoring Private Bertrand West, who is home on a furlough from Miami, Fla., where he is stationed in the marine corps training school. Covers were laid for Mr. and Mrs. Roy Orme and son Oland, Mr. and Mrs. Ernest Crim of Manilla, Mr. and Mrs. Glen Miller, Mr. and Mrs. William Lafara, Mr. and Mrs. Clem Gruell and daughter Marie and Miss Alice Gruell.

A delightful time was enjoyed Sunday when a party of young people motored to Flat Rock Cave and spent the day. At noon a picnic dinner was served to the following: Misses Nellie Drake, Martha Rubman, Mary Carr, Lettie Jordan, Louisa Mahin, Blanch Clark, Maurine Houchins and Basil Willey, Ray Sample, Floyd Carr, Robert Fair, Charles Vohland, Kirk Bever, and Bethel Rubman.

Mrs. Dessie Hinchman and Omer E. Bowles, both of this county, were quietly married Saturday evening at 7:30 o'clock. The ceremony was performed at the parsonage of the St. Paul's Methodist church in the presence of only a few relatives. The Rev. Clyde S. Black officiated at the service.

A party of girls composed of the Misses Margaret Guffin, Marian Kinsinger, Florence Fleehart, Frances Payne, Helen Pierson, Rosalind and Mary Maude Reed and Margaret Herkless, are spending the week camping at the Green Cottage. The Misses Laura and Dove Meredith are chaperons for the party, and Miss Nell Hays of the Indianapolis News will join them later in the week.

About twenty guests were entertained at the Green Bungalow yesterday afternoon and evening as the final affair in the series of informal parties which were given during the week by the party of girls camping there. Music furnished the amusement for the guests and at the close of the delightful affair light refreshments were served. The party was chaperoned by Mrs. Helen Pierson.

After a contest of about two weeks, the two quilts, which were given over to the members of the Psi Iota Xi sorority for disposal, were awarded to Mrs. Roy Waggoner and Mrs. Levi Retherford, who held the lucky numbers, 43 and 77. The proceeds of the quilt sale will go to the local chapter of Red Cross.

Mrs. Ordell Davis Conde, daughter of William Davis and Scott Conde were married this morning by the Rev. Clyde S. Black at the Methodist church parsonage. Immediately after the ceremony Mr. and Mrs. Conde and daughter left for Middletown, O., where they will reside.

The annual convention of the Beta Theta Pi fraternity will open tomorrow at White Sulphur Springs for the regular summer session. Ralph Hackleman of this city has gone to the meeting as a delegate from the Wabash chapter at Crawfordsville where he is attending school.

The Regular meeting of the W. R. C. penny social will be held tomorrow afternoon at the home of Mrs. Will Trennepohl. The hostess will be assisted by Mrs. Belle Smith, Mrs. Fanny Ridenbaugh, Mrs. Margaret Brown and Mrs. Mary Sampson.

Miss Phyllis Dean will entertain the members of the Psi Iota Xi sorority tomorrow night at her home in North Main street. All members are urged to be present.

Mrs. Verne Norris will be hostess to the members of the Tuesday Afternoon Bridge club, tomorrow afternoon at her home in West Third street.

Mrs. Lote Carter will entertain the members of the Tuesday Five Hundred club tomorrow night at her home in North Morgan street.

HOOSIER YOUTHS IN GARDEN CLUBS

Boys and Girls Alike Unite in Conservation Program Set Forth by Food Committee

WORK INCREASES 50 PER CENT

Corn Clubs and Canning Clubs Are Drawing Boys and Girls, Especially of Rural District

Lafayette, Ind., July 1.—An army of 66,000 Hoosier boys and girls have been enlisted for Uncle Sam's food production and conservation corps according to the semi-annual report of Z. M. Smith, state club leader, to Prof. G. I. Christie, superintendent of the Purdue University department of agricultural extension. This many youngsters are engaged this year in club work of some sort in Indiana. The number enrolled this year is just three times that of last. A total of 12,000 in prizes has been offered.

Of the 66,000 this year, 54,000 city or rural boys and girls are in home garden clubs. Last year slightly more than 15,000 were in the same sort of work. This year 2,858 girls have joined the army of canners, against a canning corps of 1,456 last year, almost doubling the number.

Corn clubs drew 1,418 boys last year and this year 1,946 youngsters are growing from one to 20 acres of corn. Pig club boys this year number 2,248 against 831 last season. In poultry clubs this year there are 1,559 against 555 last year.

Similar figures might be quoted for calf club members, girls sewing and baking clubs and the lesser branches of endeavor for Young America, but it is sufficient to say that all have shown a big increase in enrollment.

The best part of the work is that all of the boys and girls enrolled this year are under some sort of supervision, either that of the county agricultural agent, the woman home demonstration agent, the vocational teacher, township club supervisor, or volunteer workers. Previous reports show that 98 per cent of the profit earned by the boys and girls was obtained under direction of paid supervisors.

TWO DAYS PRAYER SERVICE IS ENDED

Benediction Following Reading of High Mass End of Special Meetings There

CATHOLICS PRAYER FOR PEACE

The two days prayer service at St. Mary's Catholic church, in cooperation with prayer for peace which was observed in every Catholic church Saturday and Sunday, ended yesterday with benediction following the reading of high mass.

The days were set aside for the purpose after a proclamation to this effect was issued by Pope Benedict for the days honoring the feasts of St. Peter and Paul, both of which are observed with great solemnity in European countries. The services here were in charge of the pastor, the Rev. Father Lyons, who delivered interesting talks at both morning services concerning the peculiar position of the pope in the world war and the prayer for a just and lasting peace.
